Required Time to Be Back at School: _____

Lunch Plans: _____

Additional Information: _____

Bus Drop-Off, Parking, and Pick-Up Locations

* **Student Drop Off:** For student drop-off, buses should take the 101 and get off the Via de Ventura exit and head East. The bus should turn left into the parking lot from Via de Ventura by Butterfly Wonderland. Take an immediate left and go past the valet parking area and loading dock area and around the back of the aquarium. Buses should stop between OdySea Aquarium and Dolphinaris to unload.

* **Bus Parking:** After dropping off the students, buses should continue around the OdySea in the Desert complex and park in the far northeastern parking lot.

* **Student Pick Up:** Buses should pick up students at the same location where they dropped them off, making sure the door is by the sidewalk so students may safely board the bus. Because it is a fire lane and we have several schools and groups that will be dropping off and picking up students at the same location, buses may not park or remain at the pick-up location. Groups should not board the bus until all members of the group are present and ready to board the bus. If another group is ready to be picked up before your group, the bus driver must circle back around to allow the other group to safely board and exit.
